POST PLACEMENT SUPPORT

OCTEC's Biz Support Post Placement Support helps source and meet the costs of clothing, equipment and other workplace requirements including any workplace modifications required to achieve sustainable employment.

Examples of OCTEC's Post Placement Support include:

- high visibility workwear
- steel-capped boots and other relevant footwear
- tools, e.g. knife-set for employment in a kitchen, or a spanner-set for a mechanic workshop
- satellite navigation, specifically for driving jobs
- industrial equipment, e.g. lightweight welder
- shearing kits.

OCTEC can also provide financial assistance to employers to buy work-related modifications and services. The Australian Government's Employment Assistance Fund (EAF) is available to people with disability who are about to start a job or who are currently working.

CALL NOW

OCTEC secured Jeremy a labourer's role with Trojan Workforce (Sydney) in 2017. OCTEC designed a Biz Support Package that included a Post Placement Support component tailored to Trojan Workforce's needs. This included the cost of purchasing a forklift ticket with Lawrence Davis Training and PPE workwear.
