OCTEC LIMITED

**BIZSUPPORT**

# BIZSUPPORT PACKAGES

OCTEC will ensure your new employees are ready and well-prepared to start work in your business. Our Biz Support QuickStart packages are tailored to take into account the job requirements of your new employee, and include payments to cover the costs associated with inducting and training them in their roles.

Biz Support QuickStart can include costs associated with preparing your new staff to be appropriately skilled in their new position. Examples include helping to cover the wages of a workplace trainer or assisting with the costs of any induction training.

Biz Support QuickStart is designed to help minimise the short-term impact that may be experienced by a business in the initial period after hiring a new employee.

## CALL NOW

OCTEC secured employment for Josip with Purrfect Pets (Penrith, NSW) as a labourer in 2017. OCTEC tailored a Biz Support Package which included a QuickStart component covering training in WH&S, operation of essential tools, and general induction to the workplace. OCTEC also ensured that Josip was equipped with safety boots and high visibility work wear for his commencement with the Purrfect Pets team.
