# BIZSUPPORT TRAINING

OCTEC's Biz Support Training ensures your new employees are provided with ongoing training and development to become long-term and productive members of your business.

Biz Support Training is customised to the needs of both the employer and their employees, and can include:

- financial support for your business to provide on-the-job training for employees required to undertake new tasks
- accredited training certificates or licences, e.g. Forklift Licences, First Aid Certificates, WH&S, Food Safety, RSA and RCG, to ensure employees have the required skills to work in new areas of your business
- creating Traineeship and Apprenticeship pathways for your staff, providing them with accredited training unique to your industry
- access to OCTEC Training's suite of services to support employers and their employees.

## CALL NOW

After commencing a Certificate in Nursing with OCTEC's support, Shanelle secured a work experience placement with Booroongen Djugun Aged Care Facility (Kempsey NSW) in 2016. We negotiated a Biz Support Package with Booroongen Djugun to support Shanelle's employment, with package including First Aid training and the creation of a Traineeship position.
